

BNS PROBLEM

Q. The accused was a cadet in the Indian Air Force. He took out an aircraft which was not meant for training from Jodhpur Aerodrome without the authority of the commandant and flew it away to Pakistan. Later, at the instance of the accused himself, the Indian High Commissioner in Pakistan arranged for the return of the accused and the Air-Craft to India. It was contended on behalf of the accused that the intention of the accused was to go to Pakistan and not to steal the Aircraft which he always meant to return; there was thus no dishonest intention on the part of the accused and he could not be convicted of theft. Discuss the liability of the accused for the offence of theft?
